

CLERK: 27 ayes, 0 nays to cease debate, Mr. President.

PRESIDENT: Debate ceases. Record your vote. Have you voted? We are still under Call, Senators. Senator Rasmussen. Have you all voted? Have you all voted? Record. Senator Mills.

SENATOR MILLS: I ask for a roll call.

PRESIDENT: Call the roll.

CLERK: Roll call vote taken. (See page 2165, Legislative Journal.) 29 ayes, 16 nays, Mr. President.

PRESIDENT: Motion fails. Senator Clark moves that the Call be raised. Seeing no objection, it is so ordered. 956 now, override. Senator Warner, you are offering these motions separately, are you, Senator Warner?

SENATOR WARNER: Yes.

PRESIDENT: All right, and there are no subparagraphs here so we'll just consider them as paragraph one and paragraph two. All right. The Chair recognizes Senator Warner.

SENATOR WARNER: The Committee voted to recommend on a split vote two items on 956 for an override. The first one deals with the State College System for miscellaneous renovations of capital construction. Historically we have approved, at least the last couple of years, at \$250,000 per year for miscellaneous renovation that is needed on any of the four campuses on their buildings. We again approved that level of \$250,000. Their request was for \$350,000 as it was originally submitted to the Legislature. The Governor has vetoed \$100,000 out of that leaving a balance of \$150,000. These are for renovation of structures which are not eligible for LB 309 maintenance funds but to bring about necessary renovation outside of the preferred maintenance. The committee I think supported this particular one on the basis that we recognize what the large number of structures involved that there is constantly need for a certain amount of renovation each year and this fund submitted under the direction of the Board of Trustees are used as I have indicated each of the four campuses on the State College System.

PRESIDENT: Senator Cope.

SENATOR COPE: Mr. President, members, I'd like to give you a specific example what this renovation money goes for. I can't speak for any of the campuses other than Keanrey State and only on one project that I know of and that is the renovation of the old T.B. Hospital that the Legislature asked Keanrey State to take over a few years ago. They are doing it as quickly as possible using funds from these funds to do this work. Now, this is saving a great deal of money because there's no capital construction involved. It is furnishing classrooms and offices for a very small amount of money. I'd like to repeat what Senator Warner said. The State Colleges come in with a budget of \$350,000. The Appropriations Committee cut it to \$250,000 and the Governor cut it another \$100,000. I'm sure you will agree that a \$150,000 for four Colleges isn't very much for renovation projects for the number of buildings that there are.
